

Warsaw- 26. February 9

SIR ESMÉ ,

Following your kind invitation I am sending you my autograph. You permit me to forward this little memorandum-book as a frame to it. I have chosen that because it represents our Highlander style, the old Polish style of Zakopane. I suppose it will remember you your sojourn in Poland

I should like that you would call on me some day, but I know that your time is very occupied. You allow me to send you my aid de-camp with whom you may fix the time of your visit.

Expecting to see you shortly, I remain with kindest regards and greatest respect to you.
